About Us:

### מתיבתא אהלי תורה

The תלמידים at our מתיבתא have the advantage of a full immersive Mesivta experience while remaining within the outer boundaries of Crown Heights - כאן צוה ה' את הברכה!

Continuing with their current classmates, while also experiencing the rigorous "out-of-town" ישיבה experience. With superb שיעורים and the schedule of a תמים, our מתיבתא produces young, passionate חכמים and משפיעים.

The Chinuch of our Mesivta is further enhanced by remaining close to home, allowing our Talmidim to return home after a full day of learning, enabling parents to continue to be active participants in their son's progress, and contributing towards his growth.

תורה constantly advances the level of חינוך offered. Several programs implemented in the past few years help our תלמידים feel supported, prosper, and enjoy their ישיבה experience.

- With a diversity of levels in the Shiurim, the תלמידים are able to advance and really develop and maximize their potential, for the advanced Talmid we have a very rich & intensive Iyun Track where their skills of learning independently are further developed, while delving into the depths of the Sugyos .
- All Shiurim have set times to learn גמרא on their own with their Maggidei Shiurim nearby assisting each Chavrusah in the process.
- A תלמיד that struggles with גמרא, will benefit from the Peshat Shiur, and assisted until the Talmid gains the necessary skills to learn with a חברותא from his own class.
- We encourage a strong גמרא בעל פה program where תלמידים are rewarded for learning גמרא by heart.
- We have a wonderful group of Chassidusher שלוחים to our ישיבה. They learn one-on-one, talk to בהורים, arrange special programs and create a special environment.
- We take our Talmidim on trips and Shabbatons throughout the year in order

to refresh them בגשמיות וברוחניות.

- We invite guest lecturers from around the world to teach and Farbreng, on special occasions.
- We host father and son learning programs.
- We have a newly renovated dormitory available upon request for our in-town students that wish to have the full out-of-town experience, the dormitory will also host the Children of shluchim that are applying for our Mesivta.
- The dorm is conveniently located on the block of Yeshiva with a Mikvah being developed in time for next year בעז"ה.

The תלמידים at תורה אהלי תורה grow tremendously in their learning, חסידישקייט and מידות טובות.

They walk around with the surety of a תמים who keeps growing, accomplishing and following the Rebbe's עניינים. We are excited to greet a new group of תלמידים who are sure to be מצליח and facilitate their growth.
